

ATTENTION

INSURANCE POLICY CHANGES

The HRSA (Government COVID-19 coverage) program has officially ended. Most private health insurance companies are no longer paying for COVID-19 testing unless you have been **exposed**. With this change, if you would like to provide your insurance information, we would be happy to run it for you to verify coverage. However, if your insurance comes back with a denial, you will be charged for the test.

If you are uninsured or do not wish to use your insurance, we will require payment up-front.

BLUE CROSS BLUE SHIELD MEMBERS

Attn: Blue Cross Blue Shield Members

Aspirar is out-of-network with Blue Cross Blue Shield. As a result, there are some plans within BCBS where they will send the reimbursement check directly to their members instead of the lab that conducted the COVID-19 test. If you receive a check from BCBS for our COVID-19 testing services, please remit the check to Aspirar or contact us to arrange payment.

Attn: FEDERAL Blue Cross Blue Shield Members

Aspirar is out-of-network with Federal Blue Cross Blue Shield. As a result, they send the reimbursement check for testing services directly to their members instead of the lab that conducted the COVID-19 test.

Because of this, we **require all Federal BCBS members to provide BOTH insurance information AND a payment.**

If you do not have any copays and have met your deductibles owed to BCBS, then you should receive a reimbursement check directly from them.
